That's Not The Issue

As little a life as I have, I refuse to tab the solo guitar to this whole song. I tabbed the intro solo; the rest is very much similar, relying on a C-major pentatonic scale starting at the 5th fret. The chords are all standard open chords, except the F, which is barred on the 1st fret.

Outtro:

The Db is played like a C-open chord, just moved up a fret, and muting out the E strings; so I guess it's a Dbadd#11:

-1---2--  
-0---0--  
-2---3--  
-3---4--

C Dbadd#11

Have fun,
