

:::::::::::::
The Long Cut
:::::::::::::

(Intro:)

Em / / / D / / / G / / /
Em / / / D / / / G / / /

(Verse:)

 D C G
I've been searchin', and you been gone
 D C G
I'm lookin' for the shortest path to the one that you're on.
 C D
I've already seen all I want to see
 Em C G
Can always take the long cut, I think that's what we need

When we were younger, and we were strong
It felt a lot better, the things that we done
Now if it's to be, refuse to believe
Can always take the long cut, I think that's what we need
 Em C G
D'ya wanna take the long cut, we'll get there eventually

*(Guitar solos over Intro chords)

I've been searching, and you been gone
I'm looking for the shortest path to the one that you're on.
Now if it's to be, refuse to believe
Can always take the long cut, I think that's what we need
'Cause we been in a deep rut, and it's been killing me
D'ya wanna take the long cut, we'll get there eventually

(Intro Chords)

Eventually

*(Rhythm guitar riff: as close as I can tell is an open G chord with an open B string with the innards of a C chord hammered-on (Strumming centers on the middle strings, so you can actually not even finger the G chord, just deaden all but the D, G and B strings):

X-----X-----X-----X
0-----1-----0-----0
0-----0-----0-----0
0-----2-----0-----0
X-----X-----X-----X
X-----X-----X-----X
